

MAP 3.2. FUTURE LAND USE PLAN

The Future Land Use Map, along with the entire Master Plan document, is a policy guide for local land use decisions. The boundaries reflected on the map are general and are not intended to indicate precise size, shape, dimensions or individual parcels. In addition, where the Future Land Use Map and the Zoning Map are not in alignment, it does not necessarily suggest that that rezoning is imminent; rather, the Future Land Use Map sets forward recommendations to achieve long-range planning goals.
