Subject: Zoning board meeting

Mr. McCririe

On Tuesday, May 15, I attended a meeting of the Genoa Township Zoning Board. The introduction to this meeting was a statement informing all attendees it was to be conducted on zoning issues only, no neighborhood grievances. Whether all Zoning board meetings begin this way or it simply was a reaction by the board to the tension in the room, I am unsure.

I would like to take this opportunity to thank those members of the board who conducted themselves in a professional manner. Especially, Mr VanTassel, whose position at the township has placed him in the center of a hostile controversy in our neighborhood. I would also like to thank the board member, (I'm sorry I did not catch her name), who insisted Doug Milne control his tone and his language at a public meeting. Having lived next door to Doug for many years, I can assure her that was Doug Milne "controlled". As he himself would put it, "Doug on a GOOD day." Nonetheless, I applaud her efforts to spare those uninvolved parties present in the room from his unacceptable behaviors.

As members of Glenn Waggoner's family, we chose not to stand and refute the lies Milne told the board; knowing this was not the time or the place (as instructed in the introduction of the meeting.) Imagine our surprise and DISAPPOINTMENT when Steve Wildman chose to make unprofessional, judgemental comments about our father. Knowing nothing of the history or the abuse that has taken place over the years, Wildman spends 5 minutes with an hard of hearing, distraught 81 year old man. He then took it upon himself, an elected public official that should remain impartial, to make a public attack of character on a man he knows nothing about. Be weary of forming quick opinions of judgement Wiseman, for what could be formulated about a grown man with the email address "SUNBUNZ"?

Again, thank you to those members of the board whom even after personally seeing all of my father's stuff were able to keep themselves composed, impartial, and professional. Your efforts did not go unrecognized and were greatly appreciated.

Looking forward to voting,

Corey Waggoner

Mr. Chris Grayjek
Mr. Steve Wildman

Dear Gentlemen:

I attended the zoning board of appeals meeting on May 15th in support of Doug Milne's request for an extension to his existing fence, and I totally understand his frustration and anger from 30+ years of harassment by his neighbor. You remained very professional and respectful throughout the "discussion." We live on the opposite side of the neighbor in question, and I have included three photos to illustrate what this neighbor has done to the lakeside in addition to the front side. We complained to the township for several years about this eyesore, but the only thing they could do for us was to suggest that we plant Arborvietes, which we did. As you can see, they do not do much to hide the junk.

I appreciate your vote to table the variance decision for a month, and regardless of the outcome I hope some positive changes can be made to protect lakefront properties. This is a growing problem with no swift solution, but I thank you for taking the time to consider options before making your decision. Genoa's ordinances seem to be well written, and the consequences are clearly stated, however there seems to be a problem carrying them out in a timely manner.

I know that I, my husband, and surrounding neighbors would much prefer that all of the junk be removed on both sides of the property in question, instead of building a fence to hide it. We cannot build a fence on the lakeside taller than 3 feet, so we are forced to live with that eyesore until the township orders it removed. We currently have our house up for sale, so time is of the essence, and we have run out of patience with the process.

Again, I thank you for your time and consideration, and am hopeful this issue will soon be resolved.

Sincerely,

Linda Breed

Re: Doug Milne Fence Variance Request

We want to thank you for your support at the last ZBA meeting. We were there to support Mr. Milne as we live down the street from Mr. Waggoner and have to pass by his yard and junk every time we come and go.

Mr. Waggoner has recently told Mr. Milne that he will never get rid of his junk. We are all aware, those of us who live near Mr. Waggoner, of his defiance of the DEQ, DTE and Genoa Township. That is why we want a fence, even if it is a temporary fence, as we believe that Mr. Waggoner will continue to defy the township ordinances even if the township can get him to clean up this time. . The Breeds, and we the Hanafords, need to move as Mr. Waggoner not only has junk piled up but he also harasses us on a daily basis by singing at the top of his lungs, whistling every hour of the day and also coming down to the property next to me and stalking the property line. We need both the fence and the junk removed so that we can sell our homes and allow Mr. Waggoner new neighbors that he can get along with. For some reason he targeted the Breeds, and as we support them, he is also targeting us.

Given Mr. Waggoner's penchant for revenge we hesitate to speak up at the meeting of these behaviors. The prosecutor of Livingston County, Daniel Garber, wrote Mr. Waggoner a letter after an incident where Mr. Waggoner almost ran me, Ms. Breed and my dogs over by driving too close to us when we were standing in our neighbor's driveway. He has been told by the prosecutor not to retaliate but he has. I have been told to get a PPO by both the police and Mr. Garber. We just want to move ASAP. A fence would help us sell our property and settle this quickly while the township attorney tries to get Mr., Waggoner to move his junk. If he succeeds, he will be the first to win one from Mr. Waggoner.

Mr. Waggoner's family want the fence, we have been told, as they cannot get him to clean up either. Our neighbors want the fence as well. One of our neighbors, Peter Young was allowed an 8 foot fence with no variance meeting. This is confusing based on what the ordinances say. We do not understand why we have not been allowed the same privilege. Mr. Young was just granted a permit in spite of his neighbors NOT wanting a fence. Our neighbors want the fence as every last one of them is tired of Mr. Waggoner's junk. No one to our knowledge has stated that they do not want this variance.

The ZBA exists to grant variances to the ordinances. We feel that this is a situation that warrants a variance.

Thank you for your attention to this letter.
