GENOA CHARTER TOWNSHIP BOARD
Public Hearing and Regular Meeting
Sept. 4, 2012
6:30 p.m.

MINUTES

Supervisor McCririe called the Regular Meeting and Public Hearing of the Genoa Charter Township Board to order at 6:30 p.m. at the Township Hall. The Pledge of Allegiance was then said. The following persons were present for the transaction of business: Gary McCririe, Paulette Skolarus, Robin Hunt, Jim Mortensen, Jean Ledford and Todd Smith. Also present were Township Manager Michael Archinal; Township Attorney Frank Mancuso and approximately 30 persons in the audience.

Call to the Public was made with the following response: Linda Rowell – People would like minutes in the newspaper.

Approval of Consent Agenda:

Moved by Ledford and supported by Mortensen to approve all items listed under the consent agenda moving the lease agreement and the Grand River sidewalk project to the regular agenda for discussion. The motion carried unanimously

1. Payment of Bills.

2. Request to approve minutes: August 20, 2012.

3. Request for approval to expand Township workspace to encompass two new workstations in the Utility Department and Clerk's office, for not to exceed a total of \$11,500.

4. Request for approval of a proposal from RS Engineering to provide parcel sketches and legal descriptions to be used for easement acquisition associated with the Nixon Road Non-Motorized Pathway Extension for an amount not to exceed \$5,000.00.

Approval of Regular Agenda:

Moved by Smith and supported by Ledford to approve for action all items included in the regular agenda. The motion carried unanimously.

5. Public Hearing regarding Red Oaks Road Improvement Project.

Archinal – The total cost of this project is approximately \$800,000.00. The township general fund will pay 25% (\$200,000.00) and will spread the balance over ten years with 0% interest. The annual cost to property owners is expected to be approximately \$246.00. A call to property owners was made with the following response: Robert Capien – These are public roads and they are bad. They were destroyed by semi-truck access. Frank Melick – This project is just bad.

timing considering the economy. Not all the roads need repair. Just repair what is needed. Janet Pettit – I am on a fixed income and have no money for additional taxes. My son lives next door and the culvert is rusted and needs to be replaced. McCririe – Repairs or replacement of culverts will be done if necessary. Mike McKnight – This is expensive. Some parts do not need to be fixed. Do only what is absolutely necessary. Did the township check to see that the signatures were legitimate? McCririe – Yes. Jeff Dhenens – I live on Sharpe Drive and the township did a great job on my road a couple years ago. I consider this a good project and residents will be pleased with the outcome.

A call to the public was made with no response.

6. Request for approval of Resolution #3 (Approving the Project, Cost Estimates, Special Assessment District and Causing the Special Assessment Roll to be Prepared) for the Red Oaks Road Special Assessment Project.

Moved by Skolarus and supported by Smith to approve Resolution No. 3 with typographical corrections to the resolution. The motion carried by roll call vote as follows: Ayes – Ledford, Smith, Hunt, Skolarus and McCririe. Nay – Mortensen. Absent – Wildman. (Note: Mortensen asked that the board provide a source of funds for this project at the next meeting.)

7. Request for approval of Resolution #4 (Acknowledging the Filing of the Special Assessment Roll, Scheduling the Second Hearing, and Directing the Issuance of Statutory Notice) for the Red Oaks Road Special Assessment Project.

Moved by Smith and supported by Ledford to approve Resolution No. 4, correcting the resolution to provide for a winter tax collection date. The motion carried by roll call vote as follows: Ayes – Ledford, Smith, Hunt, Skolarus and McCririe. Nay – Mortensen. Absent – Wildman.

8. Request for approval of a special use application, impact assessment and site plan for proposed outdoor storage at the existing Industrial Resin Recycling Facility located at 1480 Grand Oaks, Howell, Sec. 8, petitioned by Industrial Resin Recycling Inc.

Moved by Ledford and supported by Mortensen to allow Smith (at his request) to abstain from discussion because of a previous business relationship with the petitioner. The motion carried unanimously.

McCririe and Hunt acknowledged that the site was much improved and commended the petitioner on the work that was done in the last few months.

Moved by Hunt and supported by Skolarus to approve the special land use permit with the following conditions:

1. Outdoor storage shall not exceed a height of 8' and shall not be taller than the landscaped screening.

2. The Special Use Permit shall allow only the outdoor storage of plastic automotive parts stored in plastic bins, truck trailers, and the accessory storage of propane for the equipment used at the facility.
3. All site improvements, except landscaping, shall be completed by November 15, 2012.
4. The landscaping shall be installed before June 15, 2013 and will be maintained in a healthy and thriving condition.
5. Compliance with the requirements of the Fire Department shall be maintained at all times.

The motion carried unanimously.

Moved by Skolarus and supported by Ledford to approve the impact assessment approved by the Planning Commission 08/13/2012. The motion carried unanimously.

Moved by Hunt and supported by Skolarus to approve the site plan dated 08-24-10 as recommended by the Township Planner. The motion carried unanimously.

9. Discussion regarding the publication of minutes.

Moved by Skolarus and supported by Ledford to table until the next regular meeting of the board after additional data is received concerning circulation from the Livingston County Press. The motion carried unanimously.

10. Request to change authorization for additional easement document preparation for the Grand River Sidewalk Installation Project by Tetra Tech, Inc. in the amount of \$5,100.

Moved by Mortensen and supported by Ledford to authorize an additional \$5,100.00 for additional easement documentation related to the 2012 sidewalk preparation as requested. The motion carried unanimously.

11. Consider approval of a residential lease agreement for 6522 Crooked Lake Road.

Moved by Ledford and supported by Smith to approve a month by month lease agreement as requested. The motion carried unanimously.

Leaf collection dates are Oct. 20, 2012 and Nov. 17, 2012 from 9:00 and until noon at the township hall.

The regular meeting and public hearing of the Genoa Charter Township Board was adjourned at 7:30 p.m.

Resolution #2 –East and West Crooked Lakes Aquatic Weed Control Project
Special Assessment Project (Summer 2013)

GENOA CHARTER TOWNSHIP

At a regular meeting of the Township Board of the Genoa Charter Township of Livingston County, Michigan, (the “Township”) held at the Township Hall on Sept. 17, 2012, at 6:30 p.m., there were

PRESENT: McCririe, Skolarus, Hunt, Wildman, Mortensen, Smith and Ledford.

ABSENT: None.

The following preamble and resolution were offered by _____ and seconded by _____.

**Resolution to Approve the Project,
Scheduling the First Hearing
and Directing the Issuance of Statutory Notices**

WHEREAS, the Board of Trustees of the Township has approved the East and West Crooked Lakes Aquatic Weed Control Project within the Township as described in Exhibit A (the “Project”);

WHEREAS, preliminary plans and cost estimates for the Project have been filed with the Township Clerk;

WHEREAS, the Board of Trustees of the Township has determined to proceed with the Project in accordance with Act No. 188, Michigan Public Acts of 1954, as amended;

WHEREAS, the Board of Trustees of the Township has determined to advance the costs of the Project from Township funds and to use special assessments to raise the money necessary to reimburse the Township for the advance of such funds;

WHEREAS, the special assessment district for the Project has been tentatively determined by the Township and is described in Exhibit B;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Board of Trustees of the Township hereby tentatively declares its intent to proceed with the Project.
2. In accordance with Act No. 188, Michigan Public Acts of 1954, as amended, and the laws of the State of Michigan, there shall be a public hearing on the Project and the proposed Special Assessment District for the Project which is known as the East and West Crooked Lakes Aquatic Weed Control Project”(Summer 2013) Special Assessment District.

To Board 9/17/2012
To Mike Craige

My name is Elaine Seroka 5450 Mountain Rd Mystic Lake Subdivision

Regretfully I am not able to attend the road planning meeting on Sept 19th but still wish to present my thoughts in writing for submission to the township for inclusion in the minutes of the meeting and also to notify the road commission of my concerns about the proposed road project and maintenance of the road drains and spillways in Mystic Lake Subdivision.

Issue #1 Maintenance:

During the 33 years I have resided on Mountain Rd I have seen good service in the 80s which included brush cleaning the roads annually, spillways spooned out regularly when they became blocked up and overgrown, snow cleared in a timely manner, cracks and potholes filled before they turned into major damage.

As time went by these services mostly disappeared and the neglected road developed potholes, appeared dirty and overgrown by weeds with snow being cleared several days after the storms making it nearly impossible at times to get to work.

Because of continued decline in public services and my road frontage being at a lower elevation, I've had to clean up broken glass, leaves, grass clippings, unmentionable debris and volumes of dirt from curb side accumulations washing down from both sides of the road clogging the drain basin resulting in street flooding and run off washing over the curb damaging my lawn and landscape plantings.

I've also had to clean out several times a year the drop box installed below street level which fills up with road debris washed into the drain pipe or it would not function resulting in flooding and erosion of my hill side which I was constantly forced to fill in. Additionally I've had to move large rocks around in the spillway below the drop box to accommodate the ever-changing water flow patterns or, again erosion as well as loss of more trees would occur.

A few years ago a large oak tree's root system was undermined by erosion toppling it and pulling up an entire line of drain pipe which hung up in the air for weeks. No one came to fix the problem so in frustration I brought it down using a ladder (endangering myself) piling rocks on top to hold it down.

None of this work should have ever been my responsibility!

At this point in my life, as a senior citizen I am not willing or able to perform these tasks to protect my property. A **public commission** using my property as a designated retention pond **should have been properly maintaining all the designated spillways and cleaning out the drain basins** to relieve the street drain south of my driveway from **excessive** run off thus avoiding much of the damage that has occurred over the years. I understand the public usage of the retention pond but now must **insist** the public road drains be maintained by a public commission as it was in the early 80s.

In addition to all the above work I've had to all these years endure views of my mature oak trees destroyed by the ever expanding area for water collection all due to neglected spillways up and down Mountain Rd!

- * **The retention pond on my property was designed to absorb part of the run off for the road not most of it! Neglected spillways and drains have caused much pain and damage and loss of personal time to me (in labor to protect my property) over the years and is not acceptable!**

Whether or not the road project is approved, I'm writing these comments for the public record and asking my public officials to please develop a plan for a public commission to be made responsible for regular scheduled maintenance of spillways and drains to avoid further harm to myself and property.

Other Issues:

Next to and in front of my driveway is one of the **WORST** stretches of pavement in the subdivision. It is filled with potholes improperly patched thus bumpy and unsafe for pedestrians as well as bicycles. Residents have brought to my attention the safety issues for walking and how **UGLY** this area of road looks. I can sadly only agree with them.

I too have fallen off my bike several times when hitting a hole and also damaged a car tire one winter. It is an area of constant frost heaving because of its lower elevation thus drawing standing water from both sides of the road as well as from underneath the road. This unsightly section of road with large holes, bumpy pavement and cracks needs to be studied and repaired correctly even if the new road is not approved as there is something radically wrong with the current configuration and is a real danger to the community. I requested a meeting with the county road engineer to discuss these problems but have yet to hear from this department in person.

Suggestions for improvements:

#1 All the current dirt spillways and any additional ones be curbed and paved in order to remain open and functioning at all times.

#2 The open drain pipe and drop box be replaced with an updated underground system for slower distribution of run off to avoid all the above mentioned problems.

I request my comments become part of the public record for consideration by the road planning committee and road commission...

Respectfully submitted for inclusion in the minutes for Sept 19th, road meeting
