Re: Genoa Township Pension Plan, 4-43634 and Proposal # 333781-1

Dear Pete,

Kim Lane and I met with Herman Klingelhofer to discuss the proposal. We accept everything you discussed with Herman and understand fee reductions to be as follows:

- 1) Advisor compensation reduced to 0.20% levelized, effective **December 1, 2014**.
- 2) Reduction of Plan contract administrative expenses paid by participants from 0.45% to 0.33%, also effective **December 1, 2014**.

In addition, we wish to make the following fund consolidations effective **December 1, 2014**:

- 1) Close SmallCap Blend Separate Account R6 and transfer balances & investment elections to (existing) SmallCap S&P 600 Index Account R6.
- 2) Close MidCap Separate Account R6 and transfer balances & investment elections to (new) MidCap S&P 400 Index Account R6.
- 3) Close LargeCap Growth II Separate Account R6 and transfer balances & investment elections to (existing) LargeCap Growth I Separate Account R6. Also, re-open LargeCap Growth I to new deposits and transfer of existing balances.
- 4) Close Principal LifeTime Separate Accounts R6 and transfer balances & investment elections to (new) Principal Trust Target Date Funds R6.

We will work with Herman to ensure we properly notify participants relative to content and timing of employee notices. I'm sure you'll provide any fund information he requests as part of these changes.

Finally, you're aware the Pension Plan does allow for participant loans, but a participant may only have one loan at a time. We would like to amend the Plan to allow for 2 (two) loans to be outstanding at any one time, but never to exceed IRS guidelines for maximum loan amounts.

Should you require any further direction, please do not hesitate to contact me.

Sincerely,

Paulette A. Skolarus  
Plan Trustee

RE: Permit for partial road closure Snowden Lane, Howell MI\_103114

Good afternoon,

We are requesting a fractional closing of Snowden Lane from Sugarbush Ave. to Natanna Ave on the evening of October 31, 2014. This area consists of six neighborhood homes and all six homeowners are in agreement with the closing and will be active participants. The block party will be extended to more families, however to allow traffic to flow through the subdivision, this was the most suitable area. This area is not a main thoroughfare for Genoa Township or the City of Howell (map attached.)

The families in the Rolling Ridge are extended family to all of us. By blocking off the area, it provides a location for many children (neighborhood and trick-or-treaters) to be supervised and celebrate safely. We plan on having tables for food, face painting, cotton candy and popcorn machines, select area for best costume contest, pumpkin decorating contest, movie area and trick-or-treat station. In the past we all sit in our driveways separately; this would allow us to all gather together in one central location and make it safer for our kids and avoiding street crossings. Also by blocking the end of the roads by Natanna and Sugarbush, it provides a safe crossing area for those going house to house without having to worry about car traffic.

We would provide signage at the points where traffic would need to turn advising them of the closure. The tables, etc could be placed closer to one side of the street so if emergency personnel had to come through, we would be able to clear a path quickly. We will provide additional lighting to make certain the barriers are clearly visible.

We understand this is most likely a very unique request and we greatly appreciate your consideration of the matter.

Sincerely,

Dawn and Tim Condon, Toni and Tom Reder, Jessica and Denny Davis, Tara and Steve Metikosh, Rachel and Michael Geiger, Kristy and Tim Burnick

Township Manager Approval

Based on discussion at the previous Township Board meeting in which this was considered, please find attached a map depicting the areas where the Noxious Weeds Ordinance would be applicable. They are as follows:

1. Developed Commercial and Industrial Parcels along Grand River
2. Parcels Zoned Lake Resort Residential
3. Parcels Zoned Manufactured Housing Park (Excluding Mobile Home Parks)
4. Parcels Zoned Urban Residential
5. Parcels Zoned Suburban Residential which are located in platted subdivisions and site condominiums.

The rationale for defining the areas in this way are due to issues of fairness and lot density. I have used zoning districts as the basis for the areas subject to the noxious weeds ordinance in order to grant us the ability to enforce the ordinance consistently within subdivisions. Using only lot size to define the areas subject to the noxious weeds ordinance left many subdivisions with individual parcels which would not be subject to the ordinance. These zoning districts were selected due to their being "higher density" zoning districts (minimum lot size of ½ acre or less).

By regulating for these locations we can reach the areas that are not covered by a homeowners or condominium association and encompass entire subdivisions ensuring that all parcels in those subdivisions are treated similarly.

Please also find attached the proposed Noxious Weed Ordinance which has been revised by the Township Attorney.

**TO:** Honorable Board of Trustees  
**FROM:** Kelly VanMarter, Assistant Township Manager/Community Development Director  
**DATE:** October 1, 2014  
**RE:** Timber Green – PUD Amendment

**MANAGER'S REVIEW:** \_\_\_\_\_  
\_\_\_\_\_

The Township Attorney and I have reviewed the Second Amendment to the PUD Agreement and the Revised PUD Site Plan related to the removal of two lots and the allowance for a 5,760 square-foot pole barn located within the Timber Green Planned Unit Development located in Sections 20 and 29. The submittal also includes a Second Amendment to the Master Deed which has been reviewed by the Township Attorney.

This project was recommended for approval by the Planning Commission on September 8, 2014. The following staff review and recommendation is based on the action taken by the Planning Commission and is provided for your consideration.

**Second Amendment to PUD Agreement:** The Planning Commission has found that the proposed changes to the Planned Unit Development Agreement will not have a material adverse impact upon surrounding land uses, services, transportation systems and/or facilities. As a result, I recommend **approval** of the Amendment to the PUD Agreement with the following conditions:

1. The applicant shall work with the Township Assessor to verify the legal descriptions and complete the lot split to reflect the amended Master Deed prior to issuance of the Land Use permit for the pole barn.
2. The changes to the PUD Agreement and Master Deed as recommended by the Township Attorney in his e-mail dated 09/29/14 shall be required prior to issuance of the land use permit for the pole barn.

**PUD Site Plan:** I recommend **approval** of the site plan with the condition that the applicant provides evidence of approval from the Brighton Area Fire Department prior to issuance of the Land Use Permit for the pole barn.

Also present were Kelly VanMarter, Township Planner, and Brian Borden of LSL Planning. Township Attorney, Frank Mancuso, Jr., was also present.

CALL TO THE PUBLIC: (*Note: The Board reserves the right to not begin new business after 10:00 p.m.*)

**OPEN PUBLIC HEARING #1...** Review of a proposed amendment to the Timbergreen planned unit development (PUD) site condominium and agreement for the property located at 3800 Chilson Road, Howell, Michigan 48443, petitioned by Chestnut Development.

Attorney Rogers Myers addressed the Planning Commission on behalf of the petitioner. He advised that the development is Timber Green (two words). Attorney Frank Mancuso updated the Planning Commission regarding the proposed amendment. The petitioner has agreed to combine parcels C, D, and E and simply refer to that as C. The petitioner asked if access should be limited to the pole barn or whether it should also provide access to parcel C, which would be the house. The petitioner is in agreement with the rest of the language. A typo on the first page of the PUD agreement was discussed and the petitioner will correct that.

James Mortensen asked if lots 11 and 12 are being removed. The petitioner indicated that they are being removed and lots 13 and 14 will be renumbered to 11 and 12. The updated plan was mailed last Friday to the Township. The only changes were the renumbering of the lots.

Eric Rauch asked if the petitioner could have the engineer run a turning radius calculation for emergency vehicles to navigate the cul-de-sac. The revised plan will be submitted to the Fire Department and if approved, the plan may be approved as it relates to access to the barn.

A call to the public was made with no response.

**Planning Commission disposition of petition**

- A. Recommendation of PUD Agreement Amendment.
- B. Recommendation of revised PUD Site Plan. (08-15-14)

**Motion** by James Mortensen to recommend to the Township Board approval of the revised PUD agreement subject to the following:

- 1. Approval by the Township Attorney regarding the language as to this proposed second amendment and Master Deed;
- 2. The language regarding access to the cul-de-sac from the barn will be revised to include the provision that the house on lot C will also have access to the cul-de-sac;
- 3. The original land preservation as depicted in the original approved Timber Green site plan will be preserved on this site.

Support by Diana Lowe. **Motion carried unanimously.**

**Motion** by James Mortensen to recommend to the Township Board approval of the site plan dated August 15, 2014 subject to the following:

- 1. Lots 13 and 14 as depicted on the site plan will become lots 11 and 12 and those lots already numbered 11 and 12 will be deleted;
- 2. The requirements of the Township Engineer addressed in their letter of August 8, 2014 shall be complied with;
- 3. The requirements of the Brighton Area Fire Authority addressed in their letter of August 6, 2014 shall be complied with. In particular, reference to the requirement of the turning radius on the cul-de-sac must be resolved prior to issuance of a land use permit for the pole barn;
- 4. Lots C, D, E and 17 shall be combined and named lot C.

Support by Diana Lowe. **Motion carried unanimously.**

**OPEN PUBLIC HEARING #2...** Review of sketch plan and impact assessment for a 1,400 square foot backstage addition for Northridge Church, located at 7555 Brighton Rd, Brighton, Parcel # 4711-25-300-037. The request is petitioned by Jim King on behalf of Northridge Church.

Jonathan Pearn from Hobbs and Black addressed the Planning Commission. He described the purpose of the addition and that is to house props, etc., for their productions.

Mr. Borden addressed the Planning Commission. This is a sketch plan review due to the size of the proposed expansion. He indicated that there should be a review of the impervious surfaces. Mr. Borden advised the petitioner how impervious surfaces are calculated. They were previously at 8.7% and are currently at 13%. The petitioner confirmed that the materials will match those used in the previous construction. They

are the same. The Fire Department's concerns regarding the width of the road were discussed. The petitioner will be changing that from 10' to 20' in the areas of concern. Any lights that are added will be pursuant to the ordinance. They will be for security, not for use in accessing the backstage at night and will be motion sensor lights.

Mr. Borden indicated that there are several items that were addressed in this plan during the last sketch plan. He would like to see this cleaned up. The petitioner will clean that up tonight for publication tomorrow.

Chairman Brown asked how participants will be prevented from parking on the grass or the access area at the backstage. The petitioner did not know. Mr. Borden indicated that the parking provided on site is in excess of the minimum requirements. Therefore, this should not be an issue. Eric Rauch suggested "No Parking, Fire Lane" signs. The petitioner agreed to post those.

The Township Engineer's letter was discussed. James Mortensen asked about the road width. Originally, the road was 10'. Another 10' is being added up to 150 feet of the building as required by the Fire Department.

Chairman Brown asked about the ramp. The petitioner indicated it is required per law. It is keyed. It is located inside an existing corridor, not in the audience.

A call to the public was made with no response.

### **Planning Commission disposition of petition**

#### A. Disposition of Sketch Plan. (08-11-14)

**Motion** by James Mortensen to approve the sketch plan subject to the following:

1. The Planning Commission agrees that this particular change is minor enough to qualify for a sketch plan review. Further revisions to this site may require a full site plan review;
2. The petitioner will supply the Planning Consultant with the lot coverage calculations;
3. Building materials will match the existing building;
4. The access driveway will be widened from 10' to 20' within 150' feet of the building;
5. Any new overhead lighting will comply with the Township ordinance. The staff will review it for compliance;
6. The petitioner will correct several notes on the plan to bring them up to date and revise them with the Planning Consultant;
7. "No Parking, Fire Lane" signs will be added in the grass area near the access drive to inhibit parking in that area;
8. The requirements of the Township Engineer as outlined in his August 22, 2014 letter and the Brighton Area Fire Authority letter of August 27, 2014 will be complied with.

Support by Eric Rauch. **Motion carried unanimously.**

**Administrative Business:**

- *Staff report. Chairman Brown addressed the election of officers. This will be addressed next month when John McManus is present.*
- *Approval of August 11, 2014 Planning Commission meeting minutes. **Motion** by Barbara Figurski to approve the minutes as amended. Support by Diana Lowe. **Motion carried unanimously.***
- *Member discussion*
- *Adjournment. **Motion** by Diana Lowe to adjourn at 7:53 p.m. Support by Barbara Figurski. **Motion carried unanimously.***

Roger:

I have reviewed your updated Amendment to PUD Agreement and Amendment to the Master deed of Timber Green. I am attaching copies of both Amendments with my changes. The changes are minor. With regard to your comment about the Developer's ability to Amend the Master Deed under Article VI, I agree (Article VII is somewhat confusing because it defines the Convertible Areas to include the Units).

The only other comment that I have is that MCL 559.166(2)(j) requires that any "need not be built" structures and improvements be designated as such on the Condominium Subdivision Plan. As such, the section of Timber Green Court that is not built (and which Mr. Gronow has indicated that he may not build) should be designated as "need not be built."

If you have any questions, please let me know.

Btw, glad to hear that you are back and I hope that you are recovering well and not over doing it.

Provided, however, that no additional single family residences shall be constructed within the area depicted as Parcel C on Exhibit B hereto.”

**3. Reduction of Condominium Units.** Section II, Paragraph B is deleted in its entirety and hereby replaced as follows:

“Developer represents that Developer has developed the Property identified as Parcels 1 through 9, both inclusive, and Parcels A and 2B in accordance with the PUD Plan, as amended, and presently intends to develop the parcels of the Property identified as Parcels 10, 11, and 12 on Exhibit B hereto as a residential building site condominium project under the provisions of the Condominium Act. Although Parcels B and C are part

of the PUD, such parcels will not be included in the site condominium project. Parcel B shall be established and is hereby approved as a separate building parcel under the Township's applicable parcel division ordinance which parcel is acknowledged by the Township to have been approved by the Livingston County Department of Public Health for installation of an on-site wastewater system in accordance with its regulations pertaining to parcel divisions rather than site condominiums. Parcel C is included in Exhibit B and in this PUD Agreement solely to evidence the Developer's agreement to restrict the parcel with reference to the Preservation Areas included within its boundaries as elsewhere herein provided and is not otherwise subject to participation in the proposed site condominium or restricted by any other aspects of the proposed development except as may be specifically set forth herein."

**4. Approval of Construction of Pole Barn on Parcel C.** A new Section II, Paragraph L shall be added as follows: "A pole barn consisting of 5,760 square feet in size may be constructed on new Parcel C in the location depicted on the revised Sheet C-3 attached hereto as Exhibit B. The pole barn is being permitted due to the reduction in the number of buildable units in the Condominium by two (2) units and the creation of a buffer area between the Condominium and the proposed pole barn."

**5. Additional Provision in Master Deed Restricting Access over Timber Green Court.** The Master Deed for Timber Green shall be amended to add the following provision: "The primary means of access to the pole barn to be constructed on Parcel C shall be the driveway access from Chilson Road through Parcel C. However, Parcel C shall possess an easement for the right of access over and through Timber Green Court and the Northwest portion of the cul-de-sac between Parcels 10 and 11 to provide a means of secondary access to Parcel C for emergency and non-commercial vehicular access only."

**6. Continuing Effect.** Except as amended and modified by this Second Amendment to PUD Agreement, all other terms and conditions of the PUD Agreement, as previously amended, shall remain unchanged and in full force and effect.

**IN WITNESS WHEREOF**, the parties hereto have set their hands as of the date set forth at the outset of this Second Amendment to PUD Agreement.

GENOA TOWNSHIP  
AUG 07 2014

Dear Kelly,

On August 4, 2014 the Brighton Area Fire Authority received a request for commentary regarding a PUD Amendment. The Brighton Area Fire Authority has not been able to conduct a complete and formal review based upon what was submitted. We request a full site submittal with details for the additional site revisions and alterations.

Our review comments below are derived from the adopted International Fire Code 2012 edition, and are based upon known factors of the site and the submitted documents.

1. There are no objections to the previously approved site as it is developed; however, there are concerns with the road width and the current configuration of the end turn around.
2. The new additional road and cul-de-sac, as well as the secondary emergency vehicle access road must meet the installation and maintenance requirements of Chapter 5 and Appendix D.
3. The fire code requires fire protection water supply be provided in accordance with Chapter 5 and Appendix B.
4. The gated entry requires a means for fire department emergency access, which is currently provided on site via a Knox Key Switch. Testing and verification of the controller and key must be performed once construction begins within the development.

There is also no indication of a new 6,000sqft accessory building on the plan or in the language of the amendment as suggested in email communication. Depending upon its intended use, the fire code requirements may or may not apply to this structure. Further detail is requested.

We greatly appreciate your cooperation and commitment to safety.

**SECOND AMENDMENT TO  
PLANNED UNIT DEVELOPMENT AGREEMENT  
FOR  
TIMBER GREEN**

**THIS SECOND AMENDMENT TO PLANNED UNIT DEVELOPMENT AGREEMENT** (“Second Amendment to PUD Agreement”) is made as of the \_\_\_\_ day of \_\_\_\_\_, 2014, by and between Genoa Charter Township (hereinafter called the “Township”), the offices of which are located at 2911 Dorr Road, Brighton, Michigan 48116 and Chestnut Development, L.L.C., a Michigan limited liability company (hereinafter referred to as “Developer”), the address of which is 3800 Chilson Road, Howell, Michigan 48843.

**WITNESSETH:**

**WHEREAS**, Developer is the owner and developer of certain land located in the Township of Genoa, County of Livingston, State of Michigan, more particularly described on Exhibit A hereto and incorporated herein by reference (sometimes hereinafter referred to as the “Property”); and

**WHEREAS**, in 2003, Developer first submitted its Application for rezoning the Property to Planned Unit Development (“PUD”), its PUD Plan, PUD Agreement and Impact Assessment to the Township for the PUD to be known as “Timber Green”; and

**WHEREAS**, at its February 16, 2004 regular public meeting, the Township Board approved the PUD Plan, PUD Agreement and Impact Assessment submitted by the Developer and rezoned the property to a PUD Zoning District to permit various land uses under a comprehensive development plan; and

**WHEREAS**, pursuant to the Township Board Approval and the Township’s Ordinances, the Developer and the Township executed a PUD Agreement for the development of the Timber Green PUD on December 15, 2005; and

**WHEREAS**, pursuant to the Township Board Approval and the Township’s Ordinances, the Developer and the Township executed a First Amendment to PUD Agreement for the development of the Timber Green PUD on September 12, 2014; and

**WHEREAS**, the Developer now wishes to effectuate a second amendment to the PUD Agreement to (A) reduce the density of Timber Green by two units through the removal of Units 11 and 12 from Condominium by combining Units 11 and 12 with Parcels C, D and E (17) (the combined parcel is now known as “Parcel C”), and (B) permit the construction of a 5,760 square foot pole barn on the new Parcel C and provide sufficient buffering between the Condominium and the proposed pole barn; and

**WHEREAS**, the Township Board in its October 6, 2014 meeting approved the Developers request to this second amendment to the PUD Agreement consistent with the Developer’s request and on the terms and conditions set forth herein;

**NOW, THEREFORE**, the Developer and the Township, in consideration of the mutual covenants of the parties described herein, agree to a second amendment of the PUD Agreement as follows:

**1. Amendment of Approved Plan for PUD.** Sheet C-3 (dated September 30, 2003) of the Final Site Development Plan that was attached as part of Exhibit B to the PUD Agreement is hereby replaced with, and superseded by, the Sheet C-3 that is dated September 25, 2014 and attached as Exhibit B to this First Amendment to PUD Agreement.

**2. Combination of Parcels into a new Parcel C and Restriction to Residential Construction.** Section II, Paragraph A is deleted in its entirety and hereby replaced as follows:

“Parcels 11 and 12 of the Condominium are eliminated and, along with Parcels D and E, are combined to create a new Parcel C as depicted on Exhibit B hereto. The Parcels previously designated as Parcels 13 and 14 are renumbered as Parcels 11 and 12 respectively. In all districts designated for single-family residential use, the only permitted principal use shall be single-family dwellings; provided that accessory uses, buildings and structures customarily incidental to single-family residential use as allowed by the Genoa Township Zoning Ordinance shall be permitted uses. Provided, however, that no additional single family residences shall be constructed within the area depicted as Parcel C on Exhibit B hereto.”

**3. Reduction of Condominium Units.** Section II, Paragraph B is deleted in its entirety and hereby replaced as follows:

“Developer represents that Developer has developed the Property identified as Parcels 1 through 9, both inclusive, and Parcels A and 2B in accordance with the PUD Plan, as amended, and presently intends to develop the parcels of the Property identified as Parcels 10, 11, and 12 on Exhibit B hereto as a residential building site condominium project under the provisions of the Condominium Act. Although Parcels B and C are part

of the PUD, such parcels will not be included in the site condominium project. Parcel B shall be established and is hereby approved as a separate building parcel under the Township's applicable parcel division ordinance which parcel is acknowledged by the Township to have been approved by the Livingston County Department of Public Health for installation of an on-site wastewater system in accordance with its regulations pertaining to parcel divisions rather than site condominiums. Parcel C is included in Exhibit B and in this PUD Agreement solely to evidence the Developer's agreement to restrict the parcel with reference to the Preservation Areas included within its boundaries as elsewhere herein provided and is not otherwise subject to participation in the proposed site condominium or restricted by any other aspects of the proposed development except as may be specifically set forth herein."

**4. Approval of Construction of Pole Barn on Parcel C.** A new Section II, Paragraph L shall be added as follows: "A pole barn consisting of 5,760 square feet in size may be constructed on new Parcel C in the location depicted on the revised Sheet C-3 attached hereto as Exhibit B. The pole barn is being permitted due to the reduction in the number of buildable units in the Condominium by two (2) units and the creation of a buffer area between the Condominium and the proposed pole barn."

**5. Additional Provision in Master Deed Restricting Access over Timber Green Court.** The Master Deed for Timber Green shall be amended to add the following provision: "The primary means of access to the pole barn to be constructed on Parcel C shall be the driveway access from Chilson Road through Parcel C. However, Parcel C shall possess an easement for the right of access over and through Timber Green Court and the Northwest portion of the cul-de-sac between Parcels 10 and 11 to provide a means of secondary access to Parcel C for emergency and non-commercial vehicular access only."

**6. Continuing Effect.** Except as amended and modified by this Second Amendment to PUD Agreement, all other terms and conditions of the PUD Agreement, as previously amended, shall remain unchanged and in full force and effect.

There are 14 Units in the Condominium Project established by this Second Amendment to Master Deed – Units 1 through 12, inclusive, Unit A and Unit B-2. Each Unit shall consist of the area located within Unit boundaries as delineated on Exhibit B hereto together with all appurtenances thereto. Although Units 10, 11 and 12 have been established hereby as separate, conveyable Units, Developer does not presently intend to extend road and utility service to such Units and shall not be obligated to do so until it determines, in its sole discretion, to extend such facilities to serve such Units. The extension of the road and utility

facilities to service Units 10 through 13 are designated as “need not be built” items.

**Section 2. Percentage of Value.** The percentage of value assigned to each of the 14 Units is equal. The determination that percentages of value should be equal was made after reviewing the comparative characteristics of the Units in the Project and concluding that there are not material differences among the Units insofar as the allocation of percentages of value is concerned. The percentage of value assigned to each Unit shall be determinative of each Co-owner’s respective share of the General Common Elements of the Condominium Project, the proportionate share of each respective Co-owner in the proceeds and expenses of administration and the value of such Co-owner’s vote at meetings of the Association of Co-owners.”

**3. Rights Retained by Developer.** Article VIII, Section 2 of the Master Deed is hereby amended to add a new subsection (e) as follows:

“(e) **Secondary Access Easement for Parcel C.** The Developer, on behalf of itself and its successors and assigns, reserves for the perpetual benefit of Parcel C as depicted on the Condominium Subdivision Plan, the right of use of the Condominium roadways and the Common Areas located between Unit 10 and Unit 13 for the sole purpose of emergency and secondary non-commercial vehicular access to the house and pole barn on Parcel C.”

**4. Condominium Subdivision Plan.** The Condominium Subdivision Plan attached to the Master Deed as **Exhibit B** is hereby amended as shown on the attached **Exhibit B** Condominium Subdivision Plan and replaces sheets 1 through 7, inclusive.

**5. Continuing Effect.** Except as amended and modified by this Second Amendment to Master Deed, all terms and conditions of the Master Deed, as previously amended, shall remain in full force and effect.

IN WITNESS WHEREOF, the Developer has duly executed this Second Amendment to Master Deed as of day and year first above written.

Dear Mr. Blaszkank:

**SUBJECT: Violation Notice  
Request for Information  
Complaint File Number 14-47-0022-V  
Property Location: 4093 Homestead Howell Michigan  
Livingston County, Genoa Township, T2N, R5E, Section 28**

The Department of Environmental Quality's (DEQ) Water Resources Division (WRD) conducted an inspection on September 9, 2014, at the above referenced parcel of property. The purpose of the inspection was to evaluate the property for compliance with Part 301, Inland Lakes and Streams, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended and its administrative rules. At the time of the inspection, WRD staff observed that unauthorized activities including the placement of large riprap stone along the shore as proposed under MDEQ Permit Application Number 12-47-0044-P and regulated under the authority of Part 301. This letter is being sent because you have been identified as the owner responsible for the property and the unauthorized activities.

Section 324.30102 of Part 301 prohibits the construction of shore protection without first obtaining a permit from the DEQ. A review of WRD Permit Application Number 12-47-0044-P found this modified draft permit was sent to you for countersignature but was not returned to this office for MDEQ signature and issuance. The permit for this project was not issued; therefore, it appears that the activities were conducted in violation of Part 301.

To assist the DEQ's review and disposition of this matter, we are requesting that you provide, by no later October 9, 2014, a written response to this Violation Notice and include with your response the following information:

1. Date work was undertaken.
2. Name(s) of the contractor(s) who did the work.
3. Any other relevant information that will assist in understanding this situation.

Mr. Phil Blazank

We anticipate your cooperation in resolving this matter. If you have any questions, you may contact me at 517-284-6670; [valorc@michigan.gov](mailto:valorc@michigan.gov); or DEQ,

Sincerely,

Good Morning –

I wanted to send along some information for job seekers, which you may be interested in sharing with your personal or professional networks. There are some upcoming job fairs, job portals and Veteran-specific resources that might be of interest to those you work with. More information below – please let me know if you have any questions.

- **November 7th and 8th – Detroit, MI – Cobo Conference Center Veteran Expo:** The upcoming expo will connect Michigan Veterans with resources for employment, education, healthcare, and quality of life. The Michigan Veterans Affairs Agency (MVAA) is working with the US Chamber of Commerce, other state agencies, and community partners to bring together employers, healthcare providers, educational institutions, counselors, and other community resources and associations that provide the following services for Veterans and their families. Some of the resources which are being represented at these expos are:

- o Job seeker counseling and assistance such as resume writing and interview preparation
- o Employment opportunities and interviews
- o Meetings with accredited service officers
- o Educational programs
- o Enrollment in state and federal veteran benefit programs
- o Health screening
- o Recreational opportunities
- o Signing up for a veterans' designation on the driver's license

MVAA website, <http://www.michiganveterans.com/>

- **Job Seeker Resources for your Website:** If you would like to add links to job seeker resources to your website, feel free to use the two attached "buttons":

- o The first is the SPARK Job Portal and should hyperlink to this website: [www.annarborusa.org/jobs](http://www.annarborusa.org/jobs). If you'd like some language to use with this, here is a description: "SPARK has created a Job Posting system that targets high-value, knowledge-based and Michigan-based positions. Positions range from entry-level to

executive employment in the areas of engineering, information technology (IT), healthcare, life science, early start-ups, sales, marketing, and more.”

- o The second is for the Pure Michigan Talent Connect and should link to <http://www.mitalent.org/>. If you'd like language to use, you can use "Pure Michigan Talent Connect is an online marketplace connecting Michigan's job seekers and employers, and serves as a central hub linking all public and private stakeholders who support Michigan's workforce. Pure Michigan Talent Connect serves as the state's labor exchange system."

- The next **MiVirtualCareerFair** is scheduled for **Wednesday, November 12, 2014 from 10AM – 4PM**. The MiVirtualCareerFair is an opportunity for job seekers to engage with employers from around the state without the need to travel. The website is <http://www.michiganvirtualcareerfair.com/>, where they can register for the event (starting October 15<sup>th</sup>) and explore the virtual environment ahead of the career fair.

Genoa Township Clerk  
2911 Dorr Rd.  
Howell, MI 48843

Dear Sirs,

As a life-long resident of Livingston County and a current resident of Genoa Township, I have witnessed countless changes over the years. Some good, some not so good. Although progress can be a great thing, often times it comes at a great price. However, this township seems to be the exception.

I thought you should hear how much I appreciate the amenities I receive and enjoy as a resident of Genoa Township. I was so pleased when you contracted with Duncan Disposal for trash removal as they included curb-side recycling and didn't require sorting of the different materials. As an avid recycler, it reduced the time spent on the process thus allowing me to enjoy more time with my two grandsons, ages 2 and 3, at the wonderful, free, play park located at your township property.

My mother lives a couple miles from me but is in another township. Although we have basically the same property size and square footage home with similar floor plans and fixtures, she pays higher taxes and does not receive trash pick-up, curb-side recycling or free access to any park.

People rarely miss an opportunity to express their complaints and grievances but may not always take the time to praise and compliment a job well done. Well done Genoa Township!

Sincerely,

Darlene Mink
