GENOA CHARTER TOWNSHIP BOARD
Regular Meeting
October 18, 2021

MINUTES

Supervisor Rogers called the Regular Meeting of the Genoa Charter Township Board to order at 6:30 p.m. at the Township Hall with the Pledge of Allegiance. The following members were present constituting a quorum for the transaction of business: Bill Rogers, Paulette Skolarus, Robin Hunt, Jean Ledford, Terry Croft, Jim Mortensen and Diana Lowe. Also present were Township Manager Michael Archinal and approximately 75 persons in the audience.

A Call to the Public was made with approximately 30 persons responding with the following concerns regarding gravel mining in the township on property belonging to the Department of Natural Resources. *(Rogers advised the audience that the board could not respond to the concerns raised during the call to the public.)*

- Theresa Coloske -The current zoning of LDR should remain in effect
- Diane Watson - All the trees were cut down with no communication from the township. A newsletter would have been helpful. Notices should have been sent to constituents to keep them informed.
- Robert Wheeler - Gravel trucks traveling along Brighton and Latson roads would hurt the roads. Pollution from the silica sand. Already suffering from the Covid pandemic – just another possible respiratory problem. Reduced property values.
- Brian Grote - Consider the residents.
- Lang - Gravel trains are not part of the Brighton community. Home values will go down at least 25%.
- Andrea Shorkey – I am adamantly opposed to a gravel pit near hundreds of homes. Trucks and gravel trains are not part of this community. The old dump has not been tested for PSA's. Love the country setting where quality is a way of life.
- Budha – Silica sand is a problem and may put lives at risk.
- Brian Blake - There are 325 mines in Michigan with an average use of 25 years
- Janet Henry - The noise and dust are not acceptable. The removal of the existing trees and loss of wildlife without notice.
- Rogers - Petitions objecting the development should be given to the township manager.
- Michael Duffy - What is the next step? Rogers – We don't have an application.
- Julie – Toxic Waste, loss of wildlife and a landfill may be a problem. The DNR has not been transparent.
- Shirley Lang – Do you want this in your backyard?
- Mike Jergen - Miserable access to Brighton Road from Oak Pointe subdivision.
- Jennifer Grote – They were cutting trees last winter. Who will police this project? 25 years is a long time to wait for the redevelopment of this land into a park.
- Ron Fegan - Who will police this operation and the local ordinance?

- Jennifer Grass - 67 decibels of noise from the clear cutting of the trees. Double tandem trucks all along Brighton Road with school children. It appears the township was not aware of what was going on. Why didn't you know?
- Rogers – We have no knowledge as to what the DNR will ask.
- Ron Fegan - There was supposed to be a 100-yard buffer but that did not happen (*note-the buffer was 100 feet*).
- Chris Osland - We have no trust in the DNR and no information from the Township. The biggest issue is the lack of communication from the DNR and no knowledge from the township offices. Look out for your residents.
- Stephan Kupa - The township wouldn't allow me to cut down trees to build a home on my own lot and yet you allow this. A play park will not occur in my lifetime.
- Michelle Lopez - My heart is broken. It is hurtful that we were not told of the gravel pit.

(Reference is made to the October 12, 2021 meeting of the public at Brighton High School with members of the DNR providing an overview of the project.)

Consent Agenda:

Moved by Lowe and supported by Mortensen to approve all items under the Consent Agenda. Hunt asked to move the Minutes to the Regular Meeting for discussion. The amended motion was voted and carried unanimously.

1. Payment of Bills: October 18, 2021

3. Request for approval of a change order in the amount of \$5,890.00 from Vantage Construction for the construction of the pavilion at the basketball courts making the total costs \$45,780.00.

Regular Agenda:

Moved by Ledford and supported by Croft to approve for action all items listed under the Regular Agenda with the addition of the Minutes from October 4, 2021. The motion carried unanimously.

2. Request to Approve Minutes: October 4, 2021

Hunt – Kelly VanMarter should be referred to as the Assistant Manager. The Minutes with regard to the Big Red Barrel contained too much information. The Minutes with regard to the Zoning Ordinance were not a good representation. Items 9 and 10 for the closed session were combined into one request. Lowe – This was actually a single motion of the board. Hunt - The presentation by Palka was not a part of the Agenda. It was amended to add. Croft – Maybe we should look at the Minutes at the next board meeting and hire someone to take the Minutes. The minutes have to be corrected almost every meeting. Lowe – The Minutes are the responsibility of the Clerk. Skolarus – No thank you. I do not choose to relinquish my responsibility as clerk. Rogers – We will place this request on the Agenda for the next meeting after review. Moved by Hunt and supported by Lowe to approve the Minutes of the October 4, 2021 as corrected. The motion carried unanimously.

4. Consideration of a request for approval of an amendment to the Final PUD site plan in regards to landscaping for the previously approved Birkenstock Planned Industrial Development agreement for a climate self-storage building located at 2600 Harte Drive, Brighton. The request is petitioned by James Harte.

Moved by Lowe and supported by Croft to partially approve the amendments to the Final PUD landscaping Plan for the Birkenstock Climate Controlled Indoor Storage Project with the following conditions:

1. The required minimum caliper size of the canopy trees on the approved plan can be reduced to not less than 1.75 inches in response to inventory shortages.
2. The remaining revisions to the number and type of shrubs is deferred until after the rest of the landscape plan has been completed. Once the partial landscape plan is implemented, Township staff and the Planning Commission shall make a recommendation whether the modified landscape plan meets the goals and intent of the ordinance for final consideration by the Township Board.

The motion carried unanimously.

5. Request to accept Jill Rickard's resignation from the Planning Commission.

Moved by Hunt and supported by Croft to accept Jill Rickard's letter of resignation from the Planning Commission. The motion carried unanimously.

6. Request to appoint Tim Chouinard to the Planning Commission for the remainder of Jill Rickard's term as recommended by the Township Supervisor.

Mr. Chouinard introduced himself to the board. Moved by Lowe and supported by Ledford to appoint Tim Chouinard to the planning Commission as recommended. The motion carried unanimously.

7. Request to approve Resolution Number 211018 Approving Administrative Fee Pursuant to the Genoa Charter Township Zoning Ordinance for Caregiver Cultivation of Medical Marihuana.

The initial cost is \$500.00 for each application with a renewal a renewal fee of \$100.00 to be assessed each year.

Moved by Hunt and supported by Mortensen to approve Resolution 211018 as requested by Kelly VanMarter. The motion carried by roll call vote as follows: Ayes – Ledford, Croft, Hunt, Lowe, Mortensen, Skolarus and Rogers. Nays – None.

8. Discussion regarding customer communication and resident email notification.

Archinal - I received a call from a Pine Creek homeowner who inquired about e-mail updates or texts to let people know what is going on in the community. We are looking into the task and it may be available in a couple weeks. Residents could sign up online or at the office. Adam and Kathleen

are doing a good job. Skolarus – This is a good idea. Just to let you know, it took my office staff nearly seven months to record close to 9,000 emails in the Qualified Voter File. How will we notify our residents that this project will be in place? Hunt – Whatever is posted on this site should be approved by Archinal. Newsletters are not the way.

Correspondence:

- A letter from Diane Watson concerning the meeting with the DNR on October 12, 2021 expressing opposition to the gravel pit portion of the development located in Genoa Township.
- Charter Communications launch of WADL.
- A letter from Mike Wilczynski concerning mineral leases at Brighton State Recreation Area in Genoa Township.

Member Discussion:

Skolarus – With regard to the amended Minutes of October 4, 2021 – We had three prominent officials from the County request either a Big Red Barrel within the Township Hall or a newsletter. They were concerned with the staggering number of overdoses and deaths in the County. It was an important request.

Archinal – Tables and benches will be installed at the new gazebo and the Howell Senior Survivor project is moving forward.

Moved by Ledford and supported by Mortensen to adjourn the Regular Meeting of the Genoa Charter Township Board at 7:53 p.m.

Paulette A. Skolarus, Clerk
Genoa Charter Township Board

Bill Rogers, Supervisor
Genoa Charter Township Board

Oct. 25, 2021

To: Genoa Charter Township Board

From: Polly Skolarus, Clerk

At the last meeting of the Township Board, Robin Hunt chose to correct the Minutes of October 4, 2021. Hunt's first comment stated, "The Minutes with regard to the Big Red Barrel contained too much information."

- This was an agenda item where three prominent people spoke of their concern for the community and the number of overdoses and deaths as a result of drug overdoses. In 2020, 318 people overdosed and 21 died. In 2021, (nine months representation) there were 206 overdoses and 15 people died. They were concerned and we responded that they needed more signs. They offered to financially support information being provided to our residents and our board did not follow through.

Hunt also stated, "The Minutes with regard to the Zoning Ordinance were not a good representation."

- In the September 29, 2021 memorandum from VanMarter, the motion that was asked of the Board is exactly what she requested and that was word for word included in the Minutes. With this comment Hunt again chose to criticize me and my office in preparing the Minutes.

Hunt's third correction concerned two separate requests included on the agenda for Items 9 and 10 asking for a closed session and the fact that they were combined.

- Lowe responded that the motion was a single request.
- With the agenda as presented we would have needed a motion to go into closed session to discuss Item 9 and then go out of closed session and then move again to a closed session to discuss Item 10. This was again a false claim by Hunt that the Minutes were not acceptable.
- Due to Hunt's accusations, Croft stated: "Maybe we should look at the Minutes at the next board meeting and hire someone to take the Minutes."
- Lowe responded that the Minutes of the Board were the responsibility of the Clerk.

Hunt stated that the Minutes were amended to add Palka at the board table. This is correct. However, I did approach Archinal's office concerning changes to the Agenda. First, that the audit presentation was missing. Second, asking for a letter of resignation from Jill Rickard and a resume from Tim Chouinard. Archinal agreed. As a result of my request both the letter of resignation and a letter from the new planning commission appointee were provided at the board table for review.

I did, without discussing with Archinal, add the names of the judge and undersheriff to the request concerning the Big Red Barrel because I felt that they were important to the Agenda. Archinal's response at the Board table to my comment that I spoke with him about amending the Agenda was to

say, "That is a Lie." His handwritten note says "That is not true", but those were not the words he used. He did say that I could update the Agenda and he did ask for letters from Rickard and Chouinard as also requested. I did not feel that his response was appropriate or professional.

In conclusion, the only items corrected on the Minutes of October 4, 2021 were stating that Kelly VanMarter was the Assistant Manager and not the Planner. This could have been handled simply by asking me to change that single item.

In trying to satisfy Hunt, I sent the Minutes of the October 18, 2021 out to all members of the board for consideration and possible correction. This action then generated another accusation on my office by Archinal who emailed Joe Seward and the entire board asking about the Open Meetings Act. Archinal could have simply reminded me of the law concerning the "open meetings act" but that didn't happen. He instead chose a personal attack on my office with his request to Joe Seward. Again, this was not professional.

As I reminded Mr. Seward several years ago if he chooses to make comments to all, then all correspondence from his office should be sent to all board members as he is the Attorney for Genoa Township and not just one person on the Board.

Corrections are an integral part of the Approval of the Minutes at every board meeting and I will gladly make changes when asked. I only ask this board to refrain from a personal attack on my office.

**Agreement
for
Fiber Optic Broadband Project
Genoa Township**

This Agreement is made this day 1 of November, 2021 between Genoa Township, a Michigan Township whose address is 2911 Dorr Road, Brighton, Michigan 48116 (hereafter “Township” or “Genoa Township”) and MiSignal, Inc., a Michigan corporation whose address is 1004 S. Michigan Avenue, Howell, Michigan 48843 (hereafter “MiSignal”) and together hereafter “the Parties”.

Background

Whereas Genoa Township has certain areas that are unserved or underserved with high speed broadband services; and

Whereas, this lack of service has been made particularly evident during the Covid – 19 pandemic of 2020-2021 when such services were greatly needed by residents, businesses, healthcare facilities, education and others; and

Whereas, Township wishes to accelerate deployment of broadband services to such unserved or underserved areas; and

Whereas, MiSignal is a broadband service provider in the area and is willing to work with Township to provide broadband services in the designated unserved or underserved areas despite the fact such areas are not necessarily the most commercially desirable areas; and

Whereas, Township has applied for funds from the American Rescue Plan (“ARP”) which are specifically made available to local units of government to accelerate deployment of broadband services in unserved or underserved areas;

WHEREAS, the Township has conducted an investigation and has determined that MiSignal has a proven excellent reputation for providing the types of services required under this Agreement and that MiSignal has already obtained significant resources that are available to provide broadband services to the unserved and underserved areas of the Township which will greatly benefit the Township’s residents;

Therefore, the Parties, for good and valuable consideration, the amount and sufficiency of which are hereby acknowledged and accepted, do agree as follows:

1. **TOWNSHIP INVESTMENT.** Township will invest \$750,000 from the ARP funds toward the broadband project to have MiSignal build and install the high-speed broadband facilities to serve the unserved or underserved areas as designated by Genoa Township.
2. **MISIGNAL INVESTMENT.** MiSignal will build and install the broadband project necessary to serve the Township's designated unserved or underserved areas with high-speed broadband services as well as other areas of the Township.
3. **BROADBAND SERVICES.** MiSignal will provide broadband services with symmetrical upload and download speeds of at least 100Mbps, and also commits to providing such high-speed broadband services in the unserved or underserved areas, as well as operating and maintaining the fiber network for a period of not less than 10 years. Customers in such unserved or underserved areas will not be charged any installation fees for initial service hook-up. If over the ten-year period MiSignal were to be acquired, MiSignal will make fulfilling this 10 year obligation a condition of any such acquisition.
4. **CONSTRUCTION SCHEDULE AND PAYMENTS.** MiSignal and the Township shall agree upon a construction schedule for the unserved and underserved areas. **Exhibits A.** Construction of the network in the unserved and underserved areas designated by the Township is expected to be completed within 6 months from the release of the initial funds, assuming satisfactory weather and prompt approvals by DTE of make ready and pole attachments, which are beyond MiSignals control. The Township payments after the initial start-up payment will be structured so as to be primarily due when designated segments of the fiber network are completed (i.e., 70% initially, 15% due when the Phase I segment is completed, 15% upon completion of Phase 2).
5. **UNSERVED OR UNDERSERVED AREAS.** The unserved and underserved areas are not necessarily the most commercially desirable areas, but MiSignal agrees to extend broadband services to such areas designated by the Township.
6. **NETWORK OWNERSHIP.** Township agrees MiSignal will fully own the fiber optic network covered by this Agreement.
7. **GOVERNMENTAL PERMITS.** Township agrees to process promptly all necessary governmental permits and approvals, including Metro Act Permits. Metro Act permits must be acted upon by law within 45 days of application and any construction permits will be applied for promptly following approval of this Agreement and are expected to be acted upon within 90 days of application.
8. **NETWORK ROUTE.** MiSignal and the Township agree that the fiber optic routes to reach the unserved and underserved areas are as shown on the attached route map. **Exhibit B.**
9. **FORCE MAJEURE.** Neither Party will be liable to the other for any failure or delay under this Agreement due to circumstances beyond its reasonable control, including without limitation Acts of God, acts of war, accidents, pandemics, labor disruptions,

acts, omissions and defaults of third parties, and official governmental and judicial action not the fault of the Party failing or delaying in performance.

10. ASSIGNMENT. No assignment or transfer of this Agreement or any right occurring under this Agreement shall be made in whole or part by MiSignal without the express written consent of the Township, which shall not be unreasonably delayed or denied.
11. SEVERABILITY. If any provision of this Agreement is found to be illegal or unenforceable, it will be stricken from the Agreement and the remaining provisions will remain in full force and effect.
12. ENTIRE AGREEMENT. This Agreement, including any attachments or exhibits, contains the entire understanding of the Parties with respect to this subject matter and supersedes and extinguishes all oral and written communications between the Parties regarding this subject.
13. GOVERNING LAW. The Parties agree this Agreement shall be governed by Michigan law.

("APPLICANT")**

Unfamiliar with METRO Act?--Assistance: Municipalities unfamiliar with Michigan Metropolitan Extension Telecommunications Rights-of-Way Oversight Act ("METRO Act") permits for telecommunications providers should seek assistance, such as by contacting the Telecommunications Division of the Michigan Public Service Commission at 517-284-8190 or via its web site at

<http://www.michigan.gov/mpsc>.

45 Days to Act—Fines for Failure to Act: The METRO Act states that "A municipality shall approve or deny access under this section within 45 days from the date a provider files an application for a permit for access to a public right-of-way." MCL 484.3115(3). The Michigan Public Service Commission can impose fines of up to \$40,000 per day for violations of the METRO Act. It has imposed fines under the Michigan Telecommunications Act where it found providers or municipalities violated the statute.

Where to File: Applicants should file copies as follows [municipalities should adapt as appropriate—unless otherwise specified service should be as follows]:

Unfamiliar with METRO Act?--Assistance: Municipalities unfamiliar with Michigan Metropolitan Extension Telecommunications Rights-of-Way Oversight Act ("METRO Act") permits for telecommunications providers should seek assistance, such as by contacting the Telecommunications Division of the Michigan Public Service Commission at 517-284-8190 or via its web site at

<http://www.michigan.gov/mpsc>.

45 Days to Act—Fines for Failure to Act: The METRO Act states that "A municipality shall approve or deny access under this section within 45 days from the date a provider files an application for a permit for access to a public right-of-way." MCL 484.3115(3). The Michigan Public Service Commission can impose fines of up to \$40,000 per day for violations of the METRO Act. It has imposed fines under the Michigan Telecommunications Act where it found providers or municipalities violated the statute.

Where to File: Applicants should file copies as follows [municipalities should adapt as appropriate—unless otherwise specified service should be as follows]:

2022 BENEFIT SOLUTIONS

REVIEW AND RECOMMENDATIONS

HIGHLIGHTS FOR 2022

- Our overall increase in benefit costs for 2022 is 5.55%. This cost is based on our Blue Cross Blue Shield renewal, 2022 EHIM self-insured expenses, and renewal for our ancillary benefits (Life and Disability). This is a very favorable rate considering our increase for 2021 was 5.95% and 2020 was 11.3%.
- For 2021, our self-insured EHIM costs were lower than projected due to COVID-19 quarantines and many people not receiving regular annual or elective treatments. We anticipate costs to be higher in 2022 so we have increased our budget by 12%.
- Delta Dental has renewed our coverage at the same rates as last year.

EMPLOYEE CONTRIBUTIONS AND TOTAL BENEFIT COSTS FOR 2022

- Employee contributions are based on 10% of BCBS and EHIM costs for Single, 2-Person, and Family.
- No changes in cost for Dental coverages for 2022.

Dear Ms. Venne & Mr. Archinal:

Attached you will find a list of names of residents in the area (Genoa and Livingston Counties) that are opposed to the township allowing a Gravel Pit to go into a neighborhood setting.

After attending the meeting held at BHS hosted by the DNR on October 12, 2021, I went about a process of walking door to door in the neighboring subdivisions, in the proximity of this proposed Brighton Seed Orchard project to gather signatures and educate the residents of our community about this project.

Speaking as the voice of those who have signed these sheets, I am sending this to you to express our "OPPOSITION" to the proposed Mining/Gravel Pit portion of this Leasing project. This is in accordance with the DNR's request for concerns to be submitted prior to October 27, 2021.

Of the 500+ residents contacted during my days of canvassing, only 11 individuals did not want to sign due to various reasons, including: Conflict of interest, Federal Government employee or lobbyist, or frankly, just wanted to do some more research. **So essentially, 99 percent of the residents I contacted object to this project!**

The original signature documents are available upon request.

Sincerely, Very Concerned Resident

**American Rescue Plan Act (ARPA)
Coronavirus Local Fiscal Recovery Fund
Non-Entitlement Unit of Local Government:
Notice of Approval**

Sent via Email
Genoa Charter Township
Municipality Code: 471050
robin@genoa.org
robin@genoa.org

NEU Recipient Number: MI4706
CFDA Number: 21.027

Dear Chief Administrative Officer or Designee:

Thank you for submitting your local government's funding request for the Coronavirus Local Fiscal Recovery Fund (CLFRF). Your request has been approved.

Award Amount and Distribution

The current award amount for your Non-Entitlement Unit (NEU) is \$2,165,592, which is based on the population determined by U.S. Treasury and the cap calculated from the NEU's top-line budget. The first tranche payment, equal to 50 percent of the total award amount, will be distributed within 30 days of this letter. The second tranche payment will be distributed approximately 12 months after the first payment. The final award amounts may be increased based upon funds returned by other NEUs. The funds returned may result in a small, additional payment to each accepting NEU in late 2021.

Next Steps: Federal Reporting Requirements

As a CLFRF recipient, your local government is required to meet federal compliance and reporting responsibilities. Please visit the [U.S. Treasury website](#) to learn more about reporting requirements. All recipients need to review the [Compliance and Reporting Guidance](#) from U.S. Treasury and be prepared to submit the first Project and Expenditure Report by April 30, 2022 and annually thereafter. More information will be released by U.S. Treasury, so please monitor their website.

Additionally, your local government is required to have an active System Award Management (SAM) Number for use in reporting to U.S. Treasury. Please visit [SAM.gov](#) to create, renew, or check the status of your SAM Number. The SAM Number must be renewed annually to comply with federal CLFRF requirements.

Record Retention

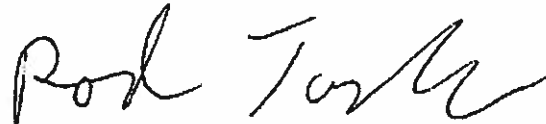

When reporting to the U.S. Treasury, your local government will need to reference your NEU Recipient Number listed at the top of this letter. Please keep this letter for your

records. Your NEU Recipient Number is MI4706.

This letter can also be found on the Michigan Department of Treasury's [Document Search Site](#). According to federal CLFRF guidance, all documentation must be kept for a period of at least five years after all funding is expended. This includes, but is not limited to, CLFRF letters, financial records, and reporting documentation.

For more information regarding CLFRF, please visit Michigan.gov/ARPA or contact us at Treas-ARPA@michigan.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Rod Taylor". The signature is fluid and cursive, with the first name "Rod" and last name "Taylor" clearly distinguishable.

Re: Attachment 2 to Video Service Local Franchise Agreement
Between AT&T Michigan and the Township of Genoa

Dear Clerk of Genoa Township:

Pursuant to MCL 484.3303 and the Michigan Public Service Commission's January 30, 2007 order in Case No. U-15169, Michigan Bell Telephone Co. ("AT&T Michigan"), hereby files **Attachment 2** to the Uniform Video Service Local Franchise Agreement ("Agreement") by and between the Township of Genoa, a Michigan Municipal corporation and AT&T Michigan. The purpose of this filing is to provide you with notice that AT&T Michigan has transferred the Agreement to a new entity, DIRECTV, LLC, in which AT&T retains a majority economic interest, with TPG Capital holding a minority economic interest. Please be advised that DIRECTV, LLC will continue to perform all of the obligations under the Agreement.

If you have any questions concerning the enclosed filing, please contact Yvette Collins, Director, External Affairs at 517.334.3708.

Sincerely,

A handwritten signature in cursive script, appearing to read "David Lewis", is located below the word "Sincerely,".

Describe the video service area footprint as set forth in Section 2(3)(e) of the Act. (An exact description of the video service area footprint to be served, as identified by a geographic information system digital boundary meeting or exceeding national map accuracy standards.)

<p>The video service area will not change and will continue to be the area shown in the map attached to AT&T Michigan's video service local franchise agreement. That map is attached as Exhibit A.</p>

[Option A, for Providers that Options B and C are not applicable, a description based on a geographic information system digital boundary meeting or exceeding national map accuracy standards]

[Option B, for Providers with 1,000,000 or more access lines in Michigan using telecommunication facilities to provide Video Service, a description based on entire wire centers or exchanges located in the Franchising Entity]

[Option C, for an Incumbent Video Service Provider, it satisfies this requirement by allowing the Franchising Entity to seek right-of-way information comparable to that required by a permit under the METRO Act as set forth in its last cable franchise or consent agreement from the Franchising Entity entered into before the effective date of the Act]]

Explain the transaction that defines the transferee as a successor in interest (Attachments are acceptable):

AT&T has completed a transaction whereby it has transferred its multichannel video distribution businesses, including its U-verse IP-enabled video service, to a new affiliate in which AT&T retains a majority economic interest, with TPG Capital holding a minority economic interest. The legal entity operating in Michigan is DIRECTV, LLC, a wholly owned, indirect subsidiary of the new affiliate. In connection with the transaction, AT&T Michigan is transferring all of its video services local franchise agreements to DIRECTV, LLC. DIRECTV, LLC will continue to provide the U-verse IP-enabled video service pursuant to the terms of the local franchise agreements. Customers will continue to receive the same high quality U-verse TV service that they enjoy today without need for any additional action on their part.

Effective date of Transfer: *(Per 2006 Public Act 480: A notice of transfer shall be filed with the Franchising Entity within 15 days of the completion of the transfer)*

Agreement associated with the Transfer: Township of Genoa and Michigan Bell Telephone Company d/b/a AT&T Michigan
